Agency Name: Louisiana Office of Tourism

Contracting Party: Iberville Parish

Detailed Goals and Objectives:

The LOT is specifically authorized to establish and support cooperative advertising programs (La. R.S. 51:1255). Cooperative advertising is a system by which advertising costs are divided between two or more parties. In this cooperative advertising program, the state LOT encourages local tourism convention and visitor bureaus and tourist commissions (“CVBs”) to advertise the local tourism “product.”

CVBs are political subdivisions of the state, statutorily authorized to “do all things necessary for the promotion and the advertisement and publication of information relating to tourist attractions within its jurisdiction” (La. R.S. 33:4574).

The tourism product is any activity or experience a tourist may participate in. For the LOT, the tourism product includes all of the communities, attractions, features, experiences, and events in the entire state of Louisiana. For a local CVB, the tourism product includes the communities, attractions, features, experiences, and events within its jurisdiction.

The LOT cooperative advertising program is administered through the nonprofit travel industry association, Louisiana Travel Promotion Association (LTPA). The LOT is statutorily directed to cooperate with governmental agencies (e.g., CVBs) and nonprofit associations (e.g., the LTPA) to market Louisiana as a tourism destination. The media plan offered by the LTPA is a result of LTPA’s media research which identified media outlets appropriate for tourism promotion. The media placement rates offered through the LTPA media plan were negotiated by LTPA and, therefore reflect discounts below published rates for placing media in the selected outlets.

Media research and negotiation of media placement rates are valuable services provided by advertising agencies and marketing firms to entities that promote their products through advertising. The LOT cooperative advertising program cuts out the advertising agencies (and their hourly rates and/or media commissions) and allows the local CVBs to purchase the pre-negotiated, pre-selected media directly through the state’s non-profit travel association.

There is no other entity that offers the Louisiana tourism entities such a media plan. Revenues generated by the LTPA are re-invested in activities that complement and enhance the statutory duties and public purposes of the LOT and the CVBs, namely the promotion and expansion of tourism in Louisiana.

It is more efficient for the state LOT to encourage local CVBs to advertise their own tourism product (which is part of the state's "tourism product") and then provide a 50% rebate to the CVB for those ads, than it would be for the state LOT to buy an ad to promote the local CVBs tourism product (again, which is part of the state's "tourism product") at the full price of the ad plus fees for media research and/or media commissions.

Deliverables:

- The Contractor will deliver the invoices, tear sheets and other supporting documentation described in the Scope of Services, Item C.
- The State will remit reimbursement payments upon submission of documentation of incurred advertising purchases as described in the "Payment Terms".

Performance measures:

Performance measures will include the results derived from the marketing efforts to include: number/frequency of advertisements placed; the circulation of publications in which advertising is placed; the number of inquiries/leads received from advertisements' "calls to action" (e.g., website visitation, telephone inquiries, etc.); increased brand recall and awareness; increased local and state-wide visitation.

Contract Monitor: Misty Velasquez

Monitoring Plan:

- Contract Monitor will work with the Contractor to ensure its understanding of the State's requirements so that the Contracting Party can participate in the cooperative marketing program.
- Contract Monitor will ensure the advertisements are placed and the deliverables are delivered in accordance with the terms of this Agreement.
- Contract Monitor will review and verify submitted invoice(s) prior to authorizing release of payment.
- Contract Monitor will ensure the completion of a Performance Evaluation within 45 days of the completion of contract services.

Final Utility of Service:

This cooperative agreement complies with the goals and objectives of the Louisiana Office of Tourism to increase the awareness of Louisiana as a tourism destination, to promote and assist expansion of tourism and the tourism industry in Louisiana, and to cooperate with local tourist promotion and convention agencies.
