Yes No Are job descriptions for each position attached? If not, explain:

Yes No Are resumes for each position attached? If not, explain:

A) Need for each position shown above; justify need for overtime:

There are no new positions or overtime compensations. The positions remain the same except that we will contract individual, family and group counseling instead of funding a counselor's position, as this may be a more effective use of the funding.

1. The Director position is needed in order to provide direct services to victims, such as therapy and emotional support; to promote interagency coordination among law enforcement, medical, and judicial systems on behalf of the victim; to ensure emergency care and proper evidence collection; and to train and supervise staff and volunteers.
2. The Case Management/Advocate position is needed to provide duties such as hospital/law enforcement/judicial escorts, crisis management, telephone hotline advocate, follow-up calls, scheduling services, interagency coordination for support services, information, consultation referral, coordination of volunteers, and assisting with the 24-hour hotline.
3. In-Kind Match: Volunteers are needed to provide direct services to victims of sexual assault by assisting the staff in manning the 24-hour Crisis Line and provide 24-hour hospital/law enforcement escorts.

B) The basis for determining the salary of each position:

There are no new positions.

C) Project duties of each position requested:

1. The Director's project duties will include counseling victims, promote interagency coordination among law enforcement, medical, and judicial systems on behalf of the victim, ensure emergency care and proper evidence collection, assistance in filing for crime victims reparations, train and supervise staff and volunteers, and complete required program documentation and reporting.
2. The Case Management/Advocate's project duties include hospital/law enforcement/judicial escorting, crisis management, telephone hotline advocate, follow-up calls, scheduling volunteers and victim services, interagency coordination for support services, information, consultation referral, coordination of volunteers, and assisting with the 24-hour hotline.

D) Indicate if personnel will be new or existing personnel. If existing, indicate if position has been backfilled. If this is a continuation application, indicate the personnel's original status. [Existing personnel is an employee that currently works for the agency, but will now be working on grant activities. If so, the position from which the employee was moved must be filled. If employee is same from the previous grant, indicate if the employee was originally hired for that position.]

1. The Director's position is existing and has been backfilled. Mrs. Charlette Fornea is the existing director and has successfully served as Director to the Rape Crisis Center for the past twenty-two (22) years. She is also the founder of this organization. She is a Licensed Professional Counselor who is an experienced therapist and is qualified by the state to provide supervision to mental health professionals.

2. The Case Management/Volunteer Coordinator's position is existing and backfilled. Mrs. Melissa Creel has served in the capacity since July, 2006. She has been trained to answer the telephone crisis line; to provide hospital/law enforcement escorting; provide crisis intervention services, and to provide follow-up services. We are requesting that she continue in this capacity.

BRIEFLY EXPLAIN:

A) Purpose of each consultant or other contractual service requested:

We shall contract with a social worker or counselor to provide 4 hours of individual, family, and/or group counseling to victims in case there is a conflict of interest with the staff counselor or services must be provided off-site. We will contract with trained victim advocates for up to 40 hours at \$8/hour to man crisis line and victim escorts when volunteers are not scheduled. This will not be part of the in-kind match. Time and attendance records will be maintained.

B) Why the service requested is necessary and cost effective:

This is necessary in order to keep the crisis line manned 24/7 and to have a back-up counselor for special needs. It is cost effective because the national average for manning a crisis line is \$10/hour. The pay for the counselor is below the norm for this type of work in this area.

C) Method of procurement and basis for determining rate of pay:

The basis for determining the rate of pay is based on the availability and qualification. Because of financial constraints we have set the contract rate for counselor at \$35/Hour which is low for this type of work. The \$8 contract fee for a trained volunteer to man the crisis line and provide hospital escort is merely an incentive for volunteers and is below the national volunteer average of \$10.

1. Pro-rata share for WPRCC is 75% of the total costs rated by office space and time used. This project's prorata share is 57% of other direct costs based on time and space utilized. Because of the financial limitations of this grant, we requested 25% , which is less than the pro rata share. We expect to make up the difference with donations and fundraising efforts.
2. An advertisement is needed to describe services offered to victims of sexual assault and to cite the Sheriff's Office as contact point for Crime Victims Reparation Funds, and LCLE as the granting source.

4. The Rape Crisis Center utilizes approximately 75% of the total office space in the building (3/4 of 2860 sq. ft.=2,145 ft). The rent for our office is \$13,200/year of which we are requesting \$3,300 to help offset this expense (approx. 25%).
5. Liability Insurance will be maintained on staff and volunteers. No building liability is included in this cost.

PROGRAM NARRATIVE

A. PROBLEM DEFINITION

1. Identify the nature and magnitude of the specific problem existing in your particular community that needs to be addressed through this proposed project. **Document the need, not the symptoms or solutions.** Be sure to include current **valid local data** to support the justification. Give the source and date of your information. State the needs of your agency and the needs of the victims in your area as related to this problem and justify the need for the proposed project.

Sexual assault is an ongoing problem in Louisiana. According to Uniform Crime Report data released by the FBI, the rate of forcible rape in the U.S. as a whole in 2010 was 28.7 per 100,000 residents; in Louisiana the rate of forcible rape was 30.3 per 100,000 residents. This is 6% higher than the U.S. total and a nearly 9% increase from Louisiana's 2009 rate. The Adverse Childhood Experiences, or ACE, study found that 1 in 4 girls and 1 in 6 boys are sexually assaulted in the nation today. The problem of sexual assault is growing. The presence of a rape crisis center and the help it represents definitely encourages victims to report. However, many other victims fail to press charges for personal reasons, or because there is no evidence due to poor evidence collection.

The ADAPT/Washington Parish Sexual Assault Center is one of the 14 certified sexual assault centers in the state. ADAPT WPSAC is a full service sexual assault center. Currently, we have two full-time and one part-time staff members, 1 part-time contractual counselor and 3 active volunteers. In the past year, we have assisted over 67 new primary victims, including recent assault and incest survivors. We assisted an average of 13 carryover victims each month for a total of 147 primary and secondary victims this past year. This included both female and male victims, as well as children victims, adolescent and adult victims. We assisted 13 victims with the rape kit examination at the hospital and 28 through the criminal justice system. Secondary victims were also assisted through crisis counseling, referral, advocacy, information, and the crisis line. We provided a total of 592 hours of individual and family counseling and group support.

Washington Parish is comprised of two small towns and a number of small communities with a total population of approximately 43,926 (2000 census). Due to the high risk make-ups of the parish, rural, high unemployment (13.2%), single-parent families, economically deprived (94% identified by the local school system), the area suffers a large number of citizens who experi

These services are desperately needed to continue in our parish. There is a sexual perpetrator prisoner release half-way house here that is causing many problems in the community because of repeat offending. Plans are to increase the number of beds to 46 and to relocate prisoners from the neighboring states here. These parolees are not adequately supervised, and I can only see many more sexual assaults in the future.

Presently the Washington Parish Crisis Center is the only agency in Washington Parish whose sole purpose is to help victims of rape or attempted rape.

2. Describe gap in community resources and how the gap was identified. Explain what need is created by this gap in services/programs.

There is no other agency in Washington Parish that specifically responds to victims of sexual assault or attempted sexual assault. These victims need advocacy at the hospital and throughout law enforcement procedures and ensuing court. They need interagency coordination. They need a watchdog to make agencies accountable to their victim's rights and to ensure timeliness. Before ADAPT/Washington Parish Sexual Assault Center was formed, sexual assault victims were reluctant to report because of lack of services in our parish and because of lack of victim sensitivity on behalf of both law enforcement and medical service providers. Furthermore, these victims then had no follow-up services that would help restore them to their previous levels of functioning. There were no counseling services available, no crisis hot-line, and no hospital/law enforcement advocate escorts. The Washington Parish Sexual Assault Center has tried to fill these gaps in services through this very much needed funding.

B. GOALS

GOALS: The primary mission of all projects is to have a positive impact on the victims, not just to accumulate statistics on how many are served. Based on the problem identified, BRIEFY state what the project hopes to accomplish. Do this by providing a clear statement of the effect this project will have on the problem.

The Rape Counseling Program will maintain or expand services available to sexual assault victims and their loved ones across Washington Parish to help diminish the negative impact of this traumatic, violent, humiliating crime. This will be accomplished by providing individual/family counseling and/or group support for victims of sexual assault or attempted sexual assault and their loved ones; provide information, referrals and crisis intervention; accompaniment of victims to medical facilities and police departments. All services will be performed in a manner appropriate to the language and culture of the survivor.

Goal 1: Assist 35 sexual assault victims with coping and surmounting the trauma from the crime.

C. OBJECTIVES

OBJECTIVES: Provide at least TWO (2) measurable objectives for EACH goal. Objectives need to be measurable, observable aspects of the program. Identify who, what will change and by how much. Use absolute numbers, not percentages and be sure to include a baseline number.

Objective 1: 32 of the 35 victims who are provided individual/family counseling and/or group support will report being able to cope with the trauma of being sexually assaulted as evidenced by counselor progress notes and observation.

Objective 2: 35 Sexual assault victims will be provided information, referrals, and/or crisis intervention services as evidenced by service logs.

Objective 3: 15 Victims will access the crisis hotline telephone advocacy services and/or hospital/law enforcement escort advocates.

H. .IOR RESULTS (For Continuation Projects .ily)

1. Based on the objectives of the previous application, what were the measurable outcomes? (Refer to the previous project's performance stated in the quarterly progress reports and other additional information.)

ADAPT Washington Parish Sexual Assault Center has exceeded its previous goal of providing direct services to 38 victims of sexual assault. According to our on-going documentation and logs, our quarterly progress reports to LCLE, and our montly performance reports to LAFASA, we has assisted 67 new primary victims, 58 new secondary victims, and 22 carryover victims within the past 12 months (147 total). In addition, we have provided a total of 406 hours of counseling, 13 victims with hospital escorts, and 28 with criminal justice advocacy. We have maintained a 24/7 crisis hotline, and have participated in monthly Multi-diciplinary Team Meetings with coordinating agencies to ensure that victims are provided appropriate and timely services. Some, but not all, of the victims who received services through this VOCA grant also receive services through our VAWA STOP grant because of the team approach to advocacy and the funding limitations of each grant. For example, a victim may make a crisi call to a VOCA hotline volunteer, the hospital escort who responds to the hospital for the rape kit examination may be compensated through our VAWA STOP grant, her counseling and case management may be funded through VOCA, and her group support through VAWA. Time and attendance records are kept with notations as to which funding source is funding that particulr activity druing that time. There are no duplications in services.

2. Did the project work as expected? Explain.

Yes. We have a great referral system because we have worked effectively with law enforcement, the hospitals, and the community in providing direct services to victims of sexual assault and their families. It takes a team of specially trained, dedicated individuals to make a rape crisis center an accepted part of the community. I think that we have accomplished that. Not only are we a viable part of law enforcement protocol and hospital policy, but also a respected counseling center that receives many referrals from schools, doctors, former victims, and other social service providers. Although there are many people who continue to chose not to report, many more are seeking and receiving assistance to help them overcome the trauma of sexual assault. This project provides an important service within our parish.

3. Have the original goals and objectives been revised? Yes No

If Yes, explain what changes will be made in the continuation of this project and why?

In addition, ADAPT/WPSAC staff and Board of Directors are always seeking new sources of funding.
