**PROGRAM NARRATIVE**

**A. PROBLEM DEFINITION**

1. Identify the nature and magnitude of the specific problem existing in your particular community that needs to be addressed through this proposed project. Document the need, not the symptoms or solutions. Be sure to include current valid local data to support the justification. Give the source and date of your information. State the needs of your agency and the needs of the victims in your area as related to this problem and justify the need for the proposed project.

Abused/neglected children that appear before 14<sup>th</sup> Judicial District Family Court are not receiving adequate attention from state and parish agencies as a result of the large volume of cases and insufficient staffing. These cases are designated "Child In Need of Care" cases. Prevent Child Abuse LA reported that Calcasieu/Cameron Parishes had 1571 reports of child abuse with 567 valid abuse and neglect cases from July 2007 - June 2008.

It is important that these Children In Need of Care have a representative who is appointed by a court judge to speak exclusively for the child's best interests. The CASA Volunteer serves as a fact-finder for the judge by thoroughly researching the background of each assigned case, speaks for the child in the courtroom representing their best interest, and acts as an advocate for the child during the life of the case, ensuring that it is brought to a swift and appropriate conclusion. The CASA Volunteer advocates for permanent placement of the child in a secure, loving home. CASA Volunteers receive intense training before taking a case, and attend regular updates that provide information on how to best help the children they serve. The CASA Program in Calcasieu Parish served 260 children (Grant C10-6-010). There continues to be a need for more trained CASA Volunteers to expand services to provide assistance to more abused children.

2. Describe gap in community resources and how the gap was identified. Explain what need is created by this gap in services/programs.

Over 400 children in Southwest Louisiana are in foster care, removed from their homes due to abuse and neglect by their parents or caregivers. These children are frightened, confused, and the consequences can be severe. Their wish is for a safe, permanent, loving home, but many become victims a second time to an overburdened child welfare system, a complex legal network of lawyers, social workers, and judges who, due to the sheer number of cases, often cannot give thorough, detailed attention to each child who comes before them. That's where the CASA Program steps in, working with one child or family at a time, serving as the eyes and ears of the court and gathering information about the child that might otherwise be unavailable. CASA's report that information, along with fact based recommendations, to the court, allowing for the best possible decisions to be made in each case, always with the best interest of the child in mind. CASA's also act as a safety net, ensuring that children do not fall through the cracks of the system, and that their wishes become reality. Children with CASA's generally spend less time in foster care and have a better chance of finding a safe, secure, loving home. Children with CASA's have a better chance of having a childhood.

### B. GOALS

GOALS: The primary mission of all projects is to have a positive impact on the victims, not just to accumulate statistics on how many are served. Based on the problem identified, BRIEFLY state what the project hopes to accomplish. Do this by providing a clear statement of the effect this project will have on the problem.

Goal 1: To expand the services of the CASA Program to serve more child victims of abuse.

Goal 2: Educate Southwest Louisiana about the CASA Program, child abuse and volunteer opportunities.

### C. OBJECTIVES

OBJECTIVES: Provide at least TWO (2) measurable objectives for EACH goal. Objectives need to be measurable, observable aspects of the program. Identify who, what will change and by how much. Use absolute numbers, not percentages and be sure to include a baseline number.

Goal 1:

Objective 1: Increase the number of CASA Volunteers by 10.

Objective 2: Provide 2 trainings per year for new and current volunteers. (Training consists of nine sessions).

Goal 2:

Objective 1: Perform 10 public or media presentations during the year.

Objective 2: Provide approximately 1000 informational materials to educate the public and encourage volunteerism on behalf of abused children.

### D. ACTIVITIES / METHODS

List the specific activities and/or services to be provided that will accomplish the objectives. Must include a timetable for achieving the various components of your project. Timetable must cover entire grant period. This must relate back to the Goals and Objectives. If this is a training project, omit this page and complete D-2 Training Programs.

Goal 1:

Obj 1: Recruit 10 new volunteers. Recruiting opportunities will be held monthly during grant period. The volunteers who complete 40 hours of training, successfully comply with the program standards, and meet all requirements shall be sworn in by court judge as Court Appointed Special Advocates.

Obj 2: Train 10 new volunteers. 2 trainings will be conducted by Senior Coordinator and/or Director, one held in the spring and fall of grant year.

Goal 2:

Obj 1: 10 public or media presentations will be performed by this agency during the year. They will be advertised through public service announcements provided to various forms of media including newspapers, radio and television concerning the presentations.

Obj 2: Brochures and other program materials will be distributed to members of community organizations during public speaking events such as United Way Agency functions, conferences, health fairs and civic group meetings throughout the year.

All goals and objectives will be conducted from start date of 1/1/12 and continue through end date of 12/31/12.
