PROGRAM NARRATIVE

A. PROBLEM DEFINITION

1. Identify the nature and magnitude of the specific problem existing in your particular community that needs to be addressed through this proposed project. **Document the need, not the symptoms or solutions.** Be sure to include current valid local data to support the justification. Give the source and date of your information. State the needs of your agency and the needs of the victims in your area as related to this problem and justify the need for the proposed project.

Metropolitan Center for Women and Children (Metro), established in 1986, is an independent, non-profit 501(c)(3) social service agency serving victims of domestic violence, sexual assault, stalking and human trafficking. Metro's mission is to break the cycle of violence and aid survivors of sexual assault and domestic violence through advocacy, intervention, empowerment and transformation. Metro services include a 24-hour, 7-day Crisis Line that provides counseling and/or referrals for victims.

The facts about family violence are staggering: Every year an estimated 1.3 million women are victims of physical assault by an intimate partner - and 30%-60% of these perpetrators also abuse children in these households." (Source: National Coalition Against Domestic Violence) Some pertinent examples the impact that domestic violence include that nearly 75% of calls to law enforcement occur after separation from batterers. The National Domestic Violence Hotline has received more than 700,000 calls for assistance since February 1996. (Source: National Domestic Violence Hotline, December 2001) Each year, medical expenses from domestic violence total at least \$3 to \$5 billion. Businesses forfeit another \$100 million in lost wages, sick leave, absenteeism and non-productivity. (Source: Domestic Violence for Health Care Providers, 3rd Edition, Colorado Domestic Violence Coalition, 1991) Every year, domestic violence results in almost 100,000 days of hospitalizations, almost 30,000 emergency department visits, and almost 40,000 visits to a physician. (Source: American Medical Association, 1991)

Metro currently provides services and shelter, when requested, to survivors in eight (8) southeast Louisiana parishes with a population of 1,030,363. These parishes include a spectrum of communities from urban to suburbs to exurbs to rural areas. Metro has a main office complex, four shelters, and six satellite offices. Metro provides free and confidential services to women, children, teen and male survivors of domestic violence, sexual assault, stalking, and/or trafficking. The Continuum of Services include individual advocacy, information and referrals, group support, medical advocacy, legal services including protective orders, emergency shelter, career and financial counseling, transitional housing, safety planning, support and information for the concerned loved ones of survivors, educational/primary prevention presentations, accommodation for the needs of survivors with disabilities, support for the needs of survivors from the LGBTQ community, and support and services for the non-English speaking residents, particularly Hispanics.

In 2011, 90 adults and 70 children sought safe haven at Metro. Additionally, in 2011, 479 adults and 41 children did not require shelter, but received non-residential services. In 2011, 4,896 Crisis Line calls were received and 27 survivors were awarded TRO's.

2. Describe gap in community resources and how the gap was identified. Explain what need is created by this gap in services/programs.

The Metropolitan Center for Women and Children is the only program in the three-parish area to exclusively and comprehensively serve battered women and their children. The continued existence of this program is needed to provide safe haven, support and advocacy for these victims of violence. Additionally, Metro serves as a source of information and training for the law enforcement personnel of these parishes as well as community groups and schools.

In 2011 the following number of calls to Metro's Crisis Line were made:

St. Charles Parish: 102

St. John Parish: 81

St. James Parish: 12

Callers to the Crisis Line were given appointments with the River Parishes Advocate or given referrals.

The recent disaster in St. John Parish, created by Hurricane Isaac, has caused an increase in the number of St. John residents calling Metro's 24-hour crisis line. Crisis line statistics for 2012 (year to date) for St. John Parish show that 103 residents have called Metro for counseling/referrals. The number of calls from St. John Parish is projected to be an increase of approximately 90% by the end of 2012. This increase in calls to the crisis line will more than likely result in a dramatic increase in the number of residents/non-residents who request Metro's services.

B. GOALS

GOALS: The primary mission of all projects is to have a positive impact on the victims, not just to accumulate statistics on how many are served. Based on the problem identified, BRIEFLY state what the project hopes to accomplish. Do this by providing a clear statement of the effect this project will have on the problem.

GOAL 1: To assist victims of domestic violence in the River Parishes of St. Charles, St. John, and St. James by providing counseling, referrals, and advocacy for victims of domestic violence to minimize the physical and psychological effects of being abused or witnessing abuse and reducing the risk of further injury or death.

GOAL 2: To increase legal protection for domestic violence survivors from further abuse, or even death, at the hand of their abusers.

C. OBJECTIVES

OBJECTIVES: Provide at least TWO (2) measurable objectives for EACH goal. Objectives need to be measurable, observable aspects of the program. Identify who, what will change and by how much. Use absolute numbers, not percentages and be sure to include a baseline number.

GOAL 1: To assist victims of domestic violence in the River Parishes of St. Charles, St. John, and St. James by providing counseling, referrals, and advocacy for victims of domestic violence to minimize the physical and psychological effects of being abused or witnessing abuse and reducing the risk of further injury or death.

Objective 1: Individual and group sessions will be provided to 20 domestic violence survivors during the grant period, targeting the effects of being battered.

Objective 2: Referrals for safe refuge will be provided by securing shelter for 8 women and 3 children.

GOAL 2: To increase legal protection for domestic violence survivors from further abuse, or even death, at the hand of their abusers.

Objective 1: Legal advocacy and support will be provided for 8 domestic violence survivors who are Metro River Parish clients.

Objective 2: Five (5) applicants for Temporary Restraining Orders who received legal advocacy assistance through Metro will be successful in obtaining the orders.

D. ACTIVITIES / METHODS

List the specific activities and/or services to be provided that will accomplish the objectives. Must include a timetable for achieving the various components of your project. Timetable must cover entire grant period. This must relate back to the Goals and Objectives. If this is a training project, omit this page and complete D-2 Training Programs.
