Yes No Are job descriptions for each position attached? If not, explain:

Yes No Are resumes for each position attached? If not, explain:

A) Need for each position shown above, justify need for overtime:

Both positions listed in the project are direct service positions. The positions are needed to assure services are provided to the victims of domestic violence. Both positions are salaried positions with no inclusion of overtime wages.

B) The basis for determining the salary of each position:

The salary ranges for both positions were initially determined by surveying similar positions within the State Civil Service system as well as salary ranges of similar positions in sister domestic violence programs throughout the state while keeping into account the potential continued funding to provide stability in the positions. One project staff has been with the program for 8 years therefore reflects annual pay raises in accordance with the national average for both cost of living raises and merit raises.

C) Project duties of each position requested:

The advocate position's duties include: answering the 24 hour toll free crisis line, crisis intervention, lethality assessments, provide on-going support and services, provide emergency transportation, provide empowerment based option counseling, facilitate the weekly support group, provide legal options to victims and escort the victims through the court process as well as law enforcement coordination and coordinate other community resources.

D) Indicate if personnel will be new or existing personnel. If existing, indicate if position has been backfilled. If this is a continuation application, indicate the personnel's original status. [Existing personnel is an employee that currently works for the agency, but will now be working on grant activities. If so, the position from which the employee is moved must be filled. If employee is the same from the previous grant, indicate if the employee was originally hired for that position.]

One project advocate has been with the agency 8 years, the second position has been with the agency for 1.5 years. Both employees have been in the previous grant project.

PROGRAM NARRATIVE

A. PROBLEM DEFINITION

1 Identify the nature and magnitude of the specific problem existing in your particular community that needs to be addressed through this proposed project. Document the need, not the symptoms or solutions. Be sure to include current valid local data or state data. If local data is not available, to support the justification. Give the source and date of your information. State the needs of your agency and the needs of the victims in your area as related to this problem and justify the need for the proposed project.

Domestic violence continues to effect our communities throughout the nation. Domestic violence is the number one cause of injury to women in the nation. Every 16 seconds a woman is beaten by her intimate partner. The southern rural Louisiana parishes are not excluded from the problems of domestic violence. In fact, Louisiana ranks number one in the nation for domestic violence deaths.

Chez Hope serves St. Mary, Lafourche, and Assumption parishes. The parishes are rural in nature with little or no access to social and/or alternative resources for victims of domestic violence. Public transportation is non-existent within the parishes. Many times victims are forced to leave their homes for protection and seek services for safety.

In all of the rural communities, access to subsidized housing is yet another nightmare, with public housing authorities reporting lengthy waiting lists for the limited number of housing units. Within the Chez Hope service area, many houses were destroyed by Hurricane Rita in 2005 and then Hurricane Gustav in 2008. The majority of the units were never replaced and/or repaired.

For barriers such as these, there is Chez Hope. As a large rural domestic violence program within the state, Chez Hope provides a comprehensive program providing a 24 hour toll free crisis line, a 15 bed shelter facility (located in the city of Franklin in St. Mary parish), crisis intervention, safety planning and lethality assessment, legal advocacy, individual and group empowerment based counseling, a children's program with daily play groups and weekly activity groups, a full time outreach office/services in Lafourche and outreach services in Assumption parish, and a host of other services to provide for the safety and healing of victims and their children. Additionally, Chez Hope has a 3 month Alternative Shelter program for families out of immediate danger and a 12 month transitional housing program (located in St. Mary parish) for families after shelter.

Chez Hope is the only domestic violence program in the parishes serviced. Without Chez Hope providing services, many victims would not have a way out of an abusive relationship.

Continued funding for the legal advocate program is essential to continue the much needed services.

During 2009, Chez Hope assisted 343 new women (primary victims) and 851 children survivors of domestic violence. Additionally, 555 carry-over victims returned for services during the year. The emergency and alternative shelter housed 148 women and children in 2009 and 10 families resided in the transitional housing units. In 2009, the 24 hour crisis line received 1,989 crisis calls. The Legal Advocate Program assisted with the filing of 225 temporary restraining orders.

2 Describe gap in community resources and how the gap was identified. Explain what need is created by this gap in services/programs.

In 2008, Chez Hope identified the need for housing in-between emergency shelter and transitional housing. With this gap in mind, Chez Hope developed an Alternative Shelter Program for families to reside in for up to 3 months. Alternative shelter is needed for families that have stayed in the emergency shelter (6 wks) and are out of immediate danger but not yet ready to take on the financial responsibilities in transitional housing. Chez Hope renovated two separate units for alternative shelter. The building located directly behind the emergency shelter program houses the alternative shelter units. There will be an additional unit renovated by the summer of 2011.

Alternative shelter has been successful for these families to progress to transitional housing. Chez Hope now has a "progression of independence" with the three phases of housing.

B. GOALS

GOALS: The primary mission of all projects is to have a positive impact on the victims, not just to accumulate statistics on how many are served. Based on the problem identified, BRIEFLY state what the project hopes to accomplish. Do this by providing a clear statement of the effect this project will have on the problem.

GOAL #1:

The project advocates will provide emergency/crisis services to 400 new primary victims of domestic violence through this project period.

GOAL #2:

The project advocates will provide legal options to 400 victims served in the program during the grant period.

C. OBJECTIVES

OBJECTIVES: Provide at least TWO (2) measurable objectives for EACH goal. Objectives need to be measurable, observable aspects of the program. Identify who, what will change and by how much. Use absolute numbers, not percentages and be sure to include a baseline number.

GOAL #1: The project advocates will provide emergency/crisis services to 400 new primary victims of domestic violence through this project duration which is an increase of 107 new primary victims from previous grant year.

Objective #1: Chez Hope will maintain the 24 hour toll free crisis line for victims to access immediate services when in crisis.

Objective #2: The project advocates will provide safety planning and lethality assessment to 400 new primary victims.

GOAL #2: The project personnel will provide legal options to 400 new primary victims in the program during this grant period.

Objective #1: The project staff will have a face to face individual session with 400 new primary victims, during this project duration, to review their legal options with each victim.

Objective #2: The project advocates will provide 400 new primary victims with the booklet "The Justice You Deserve" which is a handbook developed by Chez Hope explaining all legal options available to them, how the court systems operate, what to expect in any court proceedings and protocol for all proceedings.

D. ACTIVITIES / METHODS

List the specific activities and/or services to be provided that will accomplish the objectives. Must include a timetable for achieving the various components of your project. Timetable must cover entire grant period. This must relate back to the Goals and Objectives. If this is a training project, omit this page and complete D-2 Training Programs

GOAL #1: The project advocates will provide emergency/crisis services to 400 new primary victims of domestic violence through this project duration which is an increase of 107 new primary victims from previous grant year.

Objective #1: Chez Hope will maintain the 24 hour toll free crisis line for victims to access immediate services when in crisis.

Objective #2: The project advocates will provide safety planning and lethality assessment to 400 new primary victims.

Method: By maintaining the 24 hour toll free crisis line the victims have immediate access to services when in a crisis and be able to provide the victims with the options available to them. Additionally, the advocates will provide each victim with a written individual safety plan as well as a individual lethality assessment. This education process educates the victims and at the same time, provides the much needed safety measures for the victims.

GOAL #2: The project personnel will provide legal options to 400 new primary victims in the program during this grant period.

Objective #1: The project staff will have a face toface individual session with 400 new primary victims, during this project duration, to review their legal options with each victim.

Objective #2: The project advocates will provide 400 new primary victims with the booklet "The Justice You Deserve" which is a handbook developed by Chez Hope explaining all legal options available to them, how the court systems operate, what to expect in any court proceedings and protocol for all proceedings.

Method: The project advocates are trained in providing legal options to victims. Both advocates have proven experience in the field of legal advocacy and will discuss all legal options with the victims as well as individually reviewing the booklet with each victim. Additionally, if the victims chose, the advocates will assist in the filing of restraining orders and escort the victims through the court process.
