PROGRAM NARRATIVE

A. PROBLEM DEFINITION

1. Identify the nature and magnitude of the specific problem existing in your particular community that needs to be addressed through this proposed project. Document the need, not the symptoms or solutions. Be sure to include current valid local data to support the justification. Give the source and date of your information. State the needs of your agency and the needs of the victims in your area as related to this problem and justify the need for the proposed project.

The Victims of Crime Act of 1984 was passed by Congress to meet the needs of crime victims by providing funds to be utilized for providing victim assistance. This agency is charged with the responsibility of gathering data at the local level to determine the needs of the victims of crime in this region. Southwest consists of five parishes which are Allen, Beauregard, Cameron, Calcasieu, and Jefferson Davis. This agency administers funds within this district. Meetings must be held to identify local problems of crime victims, strategies must be developed to combat these problems, available resources must be determined, and programs developed to carry out these plans. Grants will be prepared to combat these identified victim problems in the respective jurisdictions with the programs refined and worked through final approval. Upon approval, grants will be monitored and served. Final reports must be prepared to indicate that successes accomplished by the programs have been developed in the grant.

Meetings must be conducted to develop the local plan, to prioritize the request, and to finally approve the grant requests. This agency's staff must assist its local board in setting up various meetings, assist in relaying information received from LCLE staff and other sources in regards to this funding. Additionally, this agency is responsible for maintaining minutes of the various meetings, and after plans have been developed and grant proposals written, must see these applications through to final approval.

Upon approval of the crime victims grants, the director must service these grants, see that required quarterly reports are completed in a timely manner, monitor activities of grants, requests for funds are prepared, and also that the subgrantees comply with all grant requirements and meet all goals and objectives as outlined in the grant proposal.

Louisiana Crime Statistics Parish by Parish reported Calcasieu 1999-2008 had 588 rapes, Allen 2001-2007 had 3 rapes (missing data for 1999, 2000, 2002, 2006, 2008), Beauregard 1999-2008 had 37 rapes (missing data for 2004), Cameron 2004-2008 had 6 rapes (missing data for 1999, 2000, 2001, 2002, 2003), Jefferson Davis 1999-2008 had 76 rapes. (Records Pedia, LA Crime Statistics). In 2010 Oasis received 129 rape calls from seven area law enforcement agencies. (C11-6-006)

Child abuse cases reported in Calcasieu Parish for 2010 were 2210, in which 782 were validated. In 2009, 467 sexually abuse children cases were reported. (C11-6-001) In 2010 Family & Youth Counseling Agency reported 467 sexually abused children received service, in 2009 447 received services. (C11-6-010) In 2000, 838 child victims were served with 501 for neglect, 193 for physical abuse, 55 for sexually abused, 87 for emotionally abused. (C11-6-001) In 2003, 1248 child victims received various services. (C11-6-001)

In 2010 Domestic Violence calls received: Calcasieu Sheriff Office 1288, Lake Charles Police Department 390, Sulphur Police Department 267, Westlake Police Department 27, Allen Sheriff Office 124, Cameron Sheriff Department 39. Further, in 2010 14th Judicial District Attorney's Office reported 290 restraining orders, Allen D.A. Office filed 30 protective orders, Cameron D.A. Office filed 6 restraining orders. (C11-6-007) Oasis (formerly Calcasieu Women's Shelter) reported 40 crisis calls for service and 325 hotline calls for Domestic Violence. (C11-6-006)

2. Describe gap in community resources and how the gap was identified. Explain what need is created by this gap in services/programs.

This area does not have any other planning council or organization available to research grant funding for these needs. This gap is identified because of the non-existence of any other organization within this region that offers our service to public agencies and non profit organizations on availability of grant funding. This council serves 5 parish areas with assistance to grant program funds to include victims of crime. Our services has created a means of local and area public agencies and non-profit agencies the ability to access grant funds and initiate programs which are needed to address their respective problems.

B. GOALS

GOALS: The primary mission of all projects is to have a positive impact on the victims, not just to accumulate statistics on how many are served. Based on the problem identified, BRIEFLY state what the project hopes to accomplish. Do this by providing a clear statement of the effect this project will have on the problem.

To provide this agency with a grants manager to administer Crime Victims Assistance funding as allocated by LCLE. To provide administrative assistance to approximately ten subgrantees with establishment and implementation of Crime Victims Assistance Programs in Southwest District.

C. OBJECTIVES

OBJECTIVES: Provide at least TWO (2) measurable objectives for EACH goal. Objectives need to be measurable, observable aspects of the program. Identify who, what will change and by how much. Use absolute numbers, not percentages and be sure to include a baseline number.

Objectives:

1. To receive requests for programs in the 5 parish area from 10 service provider agencies and then to disburse CVA funds to all 10 agencies request through use of district allocations.
2. To assist 10 applicant agencies with grant application and follow through to have 10 applications awarded for program activities. Continuing assistance with needed expenditures, progress reports and adjustments as needed.
3. To schedule 10 monitoring appointments with active subgrantees and complete 10 monitoring reports reflecting management of program activities, budgeting matters and program reporting requirements.

D. ACTIVITIES / METHODS

List the specific activities and/or services to be provided that will accomplish the objectives. Must include a timetable for achieving the various components of your project. Timetable must cover entire grant period. This must relate back to the Goals and Objectives. If this is a training project, omit this page and complete D-2 Training Programs.

1. Receive notification of CVA funds available to District 6 from LCLE; contact area agencies of funds available, accept request for program funds from various agencies, compile selected agencies (approved by local council board members via means of presentation at local meeting) to receive program funds through the use of allocation proposal, submit allocation proposal to LCLE for review, attend CVA meeting and LCLE meeting for approval of submitted allocation.
2. Contact agencies being allocated funding on approval of allocated funding. Provide guidance and assistance in completing program grant application. Submit completed grant application to LCLE for review. Respond to LCLE with any and all questions/revisions needed concerning submitted grant application. Follow up with contact to applicant agencies on notification of CVA Board Meeting and LCLE full Board Meeting for review and/or approval of submitted grant application. Follow up with awarding of approved application and instructions for future reporting (i.e. progress reports, expenditure reports, equipment assurance sheets, etc.)
3. After program award as been accepted by applicant agency follow up with assistance in completing expenditure, progress reports, grant adjustments, equipment assurance sheets, etc. Receive completed reports and related grant documents, review them for accuracy and submit documents to LCLE for review and/or approval. Once approved by LCLE, receive turn-around related reports and forward them on to subgrantee for future reporting. This is continued throughout the life of the program until the program has reached its end.
4. During the life of each subgrantees program, monitor its activities, contacting subgrantee (if needed) concerning program funding, program activities, etc. and follow up with completion of LCLE monitoring report prior to end date of each program. Specific time tables cannot be defined, however, monthly and quarterly periods are used to completed expenditure and progress report activities. Monitoring reports will be completed within the respective life (at 6 month interval) of each program funded.

All services provided by this office will be completed from the grant beginning date of 3/1/2012 and will continue throughout the life of grant ending on 2/28/2013. Monthly and quarterly expenditure reports and progress reports will be submitted as mandated by LCLE grant guidelines and within the required time periods. Monitoring reports will be conducted, completed and submitted to LCLE prior to end date of each respective grant. Allocations and applications will be completed and submitted to LCLE per schedules and cut off dates as set by LCLE staff.
